

Haematological Malignancies Consensus Workshop

Agenda

Thursday 28th April

09:15 to 09:30	<p>Introduction to meeting, ground rules and remit and pre-meeting survey results</p> <p>Katie Snape <i>UK Cancer Genetics Group, NHSE GLH Haematological Oncology Malignancies Working Group</i></p>
09:30 to 10:00	<p>Developing a sustainable national infrastructure for assessment and management of genomic variation predisposing to haematological malignancies</p> <p>Chairs: Beverley Speight and Terri McVeigh</p> <ul style="list-style-type: none"> ➤ Clare Turnbull (<i>Professor in Translational Cancer Genetics, Institute of Cancer Research</i>) ➤ Steven Hardy (<i>Head of Genomics and Rare Disease, National Disease Registration Service, Data Services Directorate, NHS Digital</i>) ➤ James Drummond (<i>Senior Clinical Scientist, CSTAG and Cambridge University Hospitals Genomics Lab</i>)
10:00 to 10:45	<p>Clinical/laboratory pathways for confirmation of inherited predisposition: from somatic detection to germline confirmation: presentation and debate</p> <p>Chairs: Angela Hamblin and Polly Talley</p> <p>1) Somatic test results: what/when and how to report with respect to findings which require germline confirmation</p> <ul style="list-style-type: none"> ➤ Jamshid Khorashad (<i>Clinical Scientist, Institute of Cancer Research/Imperial College London</i>) ➤ Chris Wragg (<i>Lead cancer scientist, South West Genomic Laboratory Hub</i>) <p>2) Undertaking germline confirmation of somatic findings:</p> <ul style="list-style-type: none"> ➤ Case based challenges Paula Page (<i>Clinical Scientist, West Midlands Regional Genetics Laboratory</i>) Nick Parkin (<i>Clinical Scientist - Deputy Head of Molecular Pathology, Molecular Pathology laboratory, Kings College Hospital</i>)
10:45 to 11:00 Break	
11:00 to 12:30	<p>Focused discussions and in meeting poll (all)</p> <p>Chair: Katie Snape</p>
12:30 to 12:45	<p>Meeting round up</p> <p>Terri McVeigh <i>UK Cancer Genetics Group, NHSE GLH Haematological Oncology Malignancies Working Group</i></p>

Friday 29th April

09:15 to 09:30	<p>Introduction to meeting, ground rules and remit and pre-meeting survey results</p> <p>Terri McVeigh <i>UK Cancer Genetics Group, NHSE GLH Haematological Oncology Malignancies Working Group</i></p>
09:30 to 10:15	<p>DDX41, CEBPA, RUNX1, ANKRD26, ETV6, GATA2 Chairs: Angela Hamblin and Beverley Speight</p> <ul style="list-style-type: none"> ➤ Professor Jude Fitzgibbon (<i>Professor of Personalised Cancer Medicine</i>) and Ana Rio Machin (<i>Postdoctoral Researcher, Barts Cancer Institute group</i>) ➤ Dr Austin Kulasekararaj (<i>Consultant Haematologist, Kings College Hospital</i>)
10:15 to 10:30	<p>Considerations for consent and cascade screening GC Chair: Polly Talley</p> <ul style="list-style-type: none"> ➤ Beverley Speight (<i>Genetic Counsellor, Addenbrooke's Hospital, Cambridge</i>)
10:30 to 10:45 Break	
10:45 to 12:15	<p>Focused discussions and in meeting poll (all) Chair: Katie Snape</p>
12:15 to 12:45	<p>Round up</p> <p>Terri McVeigh <i>UK Cancer Genetics Group, NHSE GLH Haematological Oncology Malignancies Working Group</i></p>
